Introduction

Whether you want to relax in style on your patio this year, or simply have a comfortable place to entertain friends and family, we have all of the weatherproof rattan furniture you will need. With a wide selection of different styles and colours to choose from, we can guarantee that we have the perfect set to fit into your garden.

Simply click on the image that matches what you need, and browse the products on the next page.

All-weather rattan

- Our premium synthetic rattan garden furniture is UV stabilised so it will not rot, fade or go brittle, no matter what the British weather throws at it!

- The frame in our rattan garden furniture is made with a strong, high quality aluminium frame that will not rust – which also makes it lightweight and easy to carry.

- This combination makes our rattan garden furniture 100% all-weather, meaning you do not need to store, cover or treat it – just leave it outside all year round!

Rattan Furniture FAQ's

1. Does this rattan furniture require any maintenance?

No, this premium rattan furniture **requires absolutely no maintenance.**

The rattan weave effect has been **UV stabilised**, meaning it cannot be damaged by the sun's rays, and the **aluminium frame** will not rust or become weak in the rain or snow. This **weather resistant rattan furniture** will last for many years to come.

It requires no cover, and can be left outside all year round, no matter what the weather is doing!

2. What is the availability of your rattan furniture? Is it in stock now?

Unless stated otherwise, **all of our rattan is in stock** and ready to be delivered to your door.

We stock all of our furniture in our garden centre throughout the year, and so you are dealing directly with us, and not with any 3rd party reseller. We can often **ship your product out the same day** if you order in the morning, but don't hesitate to contact us to confirm this, on 01455 274748.

3. How much is the delivery price? Do I need to be in on the day?

Delivery of our furniture is **FREE to the UK mainland** (excludes the Scottish highlands). Some furniture items can be left safe on request if you are not at home, however larger items would need you to be present at the time of delivery. You will be notified via a text message or email on the day of delivery with an expected time slot.

4. How should I keep my rattan furniture clean?

To clean your rattan furniture, simply wipe it down with a damp cloth and light detergent, removing any dirt or food residue. To remove small bits inbetween the rattan weave, you can use a jet washer or a garden hose.

5. Are cushions included with my rattan purchase?

Yes, all cushions are included with our rattan furniture.

6. Can I purchase additional rattan dining chairs for my set?

Yes, we have spare chairs for all of our rattan sets, which you can purchase as an extras. They are available on the product page, to the right of the image, using the options "Add an extra chair".

Rattan Sun Loungers

We have a limited range of rattan sun loungers available, which tend to be more comfortable than the textaline versions due to the cushioning nature of the woven rattan material. These also have an aluminium frame so they won't rust, and UV stabilised weave so your lounger can stay outside, even if it's too wet to use it!

Rattan Sofa Lounge Sets

Perfect for relaxing in the sunshine, our range of sofa sets come in various styles, shapes and colours, so you can choose the perfect one to fit into your garden space. They range from large 8 seater sets to accommodate a bbq with friends, to smaller 2 seater sofas where a couple can relax together in the evening sun.
