You can save yourself money by choosing a premium quality rattan set over a cheaper alternative.

Reclining Rattan – The Comfy Choice

Because of the way rattan is made (hand woven threads), it naturally cushions you as you sit, making your outdoor furniture even more comfortable.

This luxury furniture makes it feel like you've got a spa in your very own home, with cushions and footstools to make those long afternoons in the sunshine a joy to behold.

Reclining Garden Chairs

When choosing from our range of [reclining garden chairs](#), you can choose from individual rattan armchairs, to rattan bistro sets that come with either rocking or static chairs, and a glass topped table for drinks or a snack. Ideal for having breakfast outside on the patio, or enjoying a drink with friends.

About Majestique Rattan

The benefits of [Majestique rattan](#) cannot be overstated. They have a patented pump reclining mechanism that far surpassed the other brands on the market, adding this to their premium synthetic rattan that's both weatherproof and very comfy, makes them the best around. They also have a range of sofa sets, and dining sets to choose from.
